**EFA Open Studios**, an annual event of the Elizabeth Foundation for the Arts Studio Program, invites the public to explore and interact with our member artists in the intimate setting of their studios. It is an opportunity to see the most recent works by artists at the site of their origin and to gain meaningful insight into their process of creation.

The **EFA Studio Program** is a vibrant and diverse community of over 65 artists working in a wide range of media and artistic sensibilities. All are professional artists with an established studio practice and recognized career. Rarely can curators, collectors, dealers, artists, and art lovers see so many internationally recognized artists working under one roof in Midtown Manhattan.

**Free timed-entry tickets are [available here](#).**

*Or follow along on Instagram [@efastudios](#) for livestream tours and artist portraits!*
